DISCOVER TOTAL WELLNESS

In a world of high stress, poor nutrition and excessive toxicity, Dr. Winters and the staff of Winters Wellness Center are taking a very unique approach to healthcare, one that can add both years to your life and life to your years.

By combining functional diagnosis, customized nutrition programs and a whole person, **no twisting or popping form of chiropractic care**, amazing results in health restoration are occurring daily.

Utilizing methods of legendary teachers in chiropractic and functional medicine we explore structural/ nerve interference, nutritional deficiencies, allergies, sensitivities, emotional patterns and heavy metal toxicity. We also offer **customized nutrition programs** which are based on the results of functional testing.

FUNCTIONAL TESTING

- Adrenal Testing
- Thyroid Testing
- Gastrointestinal Testing
- Heavy Metal Testing
- Nutrient Deficiency Testing
- Hormone Testing

At Winters Wellness, we seek to treat the whole person.

This means we do not simply "crack your back" or only address back and neck pain. We employ many different cutting edge techniques in our treatment that address ailments on physical, mental and emotional levels.

30 years of experience and thousands of hours of continuing education have convinced us that a comprehensive approach to health is what is needed for people to reach the highest possible level of wellness.
